

Dear BCLCA member,

We have received quotes from local energy suppliers for propane that are for you to use (if appropriate). We are starting a process to get quotes for our BCL homeowners and will post updated quote information in the Members Only section of the BCLCA website. We encourage you to shop for prices after reviewing the quotes below. Please use this information when shopping for prices or placing an order.

Please contact me Michael Brennan via e-mail preferably at (MichaelJBrennan@comcast.net) or my cell phone 610-772-5310 if you find any better pricing or suppliers and we will try to pass this information to the rest of our homeowners via our website, newsletter and email communications.
